

## Surface Mount

The most common application for pre existing buildings. The ZipShade is applied to the wall with appropriate mounting fasteners.

## Jamb Mount

Present a clean look by concealing the box and rails inside of the wall. Best used when are integrated into the design of the building.

## In Walls - Hidden Rail

The ZipShade box is installed in the roof soffit space for a cleaner look. It might be necessary to cut joists for installation.

Experience  
Technology  
Higher Standards
